Dear Mr Cobb,

Send herewith two copies of Hajec's address

I am writing him soon this evening about the method of formulation of the address which you suggested.

Yours sincerely

R F Saunders

To

HER EXCELLENCY

The Lady Chelmsford,

C.I., G.B.E.

May it please Your Excellency,

I BEG most respectfully on behalf of myself and of the entire Mahommedan Community, of which I am the Senior Member, to welcome you to Bangalore and to present you our warmest thanks for the interest which, throughout your residence in India, you have evinced for the progress and welfare of Indian women. Your Excellency's kindness in this respect has been brought nearer home to us by your visit to this station and its hospitals.

(2) Your Excellency will have noticed that there are two hospitals in which the women of Bangalore could obtain treatment. But, there is need for still another, of a special type, to complete the arrangements as required by our social customs and prejudices.

(3) The Lady Curzon Hospital, by which name the Female Wards of our Civil Hospital are known, has, as Your Excellency is aware of, been doing excellent work in the cause of suffering women of Bangalore and the surrounding districts. Its popularity and efficiency are such that women from distant parts of India come here for treatment within its wards. This hospital is resorted to by women of all communities, European and Indian, caste and non-caste, that are not averse to treatment by male doctors. Though the number of such women is very large, comprising probably the vast majority, there is still a small minority of people, indigent and ignorant as a rule, who are so orthodox that they would refuse to take advantage of the facilities afforded in so large a hospital, in which, on account of its size, situation and prevailing arrangements, it is impossible to observe strict "Purdah." Neither would such people resort to an Institution like the Zenana Mission Hospital as it is conducted by a religious Mission. Social and religious customs and prejudices effectively shut them out from these institutions. It is therefore necessary to provide special facilities for these "Purdah Nashin" Women, as otherwise their distress cannot find help or relief.

(4) It is on behalf of these poor women who are now uncatered for by the existing hospitals that I have besought Your Excellency's permission to approach you in order to submit the following proposals:—

(5) Recognising that the Lady Curzon Hospital with its 120 beds for all classes of women is too large to be converted into a "Purdah" Hospital, and indeed, that the number of strictly "Purdah Nashin" Women, who require treatment by women only, is small, I propose to erect at my own expense, at a cost of Rs. 51,000 a Purdah Hospital of 12 beds of which 6 beds should be reserved for maternity cases. The Residency Surgeon has kindly inspected with me three sites in the neighbourhood of Fraser Town where many of the Mahommedan Community live, and I feel confident that if my proposal is favourably received a site chosen by him as the most suitable could be acquired and on it could be erected this small "Gosha" or "Purdah" Hospital which, I trust, may be called the Hajee Ismail Sait Gosha Hospital.

(6) In accordance with the advice kindly given by Col. Standage, plans will be adopted which will render future extensions easy to execute when such become necessary.

(7) I propose to defray the entire cost of the building for this hospital and present the hospital thus completed to Government for being maintained and administered by them in accordance with the charitable purpose for which it was built. Knowing full well Your Excellency's deep interest in the welfare of Indian women I earnestly request that if my proposal meets with your kind approval

a Lady Doctor with the requisite surgical and medical qualifications. I understand that the Municipality of the Civil and Military Station have in view the appointment of a Lady Doctor to supervise the work of the Lady Health Visitor and the Municipal Midwives who are working in connection with the scheme for Infant welfare. It should be possible to meet a part of the Lady Doctor's salary from Municipal Funds if she be appointed to act in this double capacity. I venture humbly to suggest that such an arrangement would have great advantages as the Lady Doctor could use her hospital for the treatment of "Purdah Nashin" Women whose condition renders treatment in their home impossible or dangerous.

(8) As regards the cost of the upkeep of the hospital, the pay of the assistants, servants, the purchase of drugs and instruments, and diet of patients I trust to Your Excellency's indulgence and sympathetic interest when the proposals are finally sent up to Government. The yearly cost of the Institution excluding the pay of the Lady Doctor will be about Rs. 12,000 and it is proposed that this should be made a charge upon the revenues of the Assigned Tract.

(9) I have had the benefit of the advice of the Hon'ble the Resident in Mysore and the Residency Surgeon before making my proposals known to Your Excellency and they have promised me every assistance and support when the scheme goes forward to the sanction of Government. I trust that in due course the new hospital will become an accomplished fact and will meet with a success worthy of the kindly condescension, interest and aid of Your Excellency.

(10) Here I may be graciously allowed to state that my family and myself have always been interested in charitable work and particularly in medical relief and have served to the best of our ability the cause of the country and of humanity in this respect. To prove the good faith and sincerity with which I approach you on this occasion I may be pardoned for mentioning my subscription towards the original building of the Lady Curzon's Hospital and the subsequent help given towards its equipment and the supply of medical instruments. Quite recently I donated Rs. 20,000 to the Mysore University and Rs. 5,000 to the Madras Victory Memorial. In addition I am making the following contributions and donations:—

(11) Landed property valued at over one lakh of rupees situated in Fraser Town, Bangalore, for a proposed Girls' School and a Poor House, in respect of which the gift Deed is ready for the approval of the Hon'ble British Resident.

One lakh of rupees for the construction of a building in this station the income of which should be utilised for a Mahommedan Orphanage and Widows' Home. On the top floor of this building there will be a large Hall for the use of the Mahommedan Community, for the holding of meetings, celebration of marriages and other public or social functions. The rents derived from this building will be administered by my Trustees for the benefit of the Home.

(13) I am one of the oldest residents of the C. and M. Station and have endeavoured so far as it lay in my power loyally to serve my King. My subscription of Rs. 50,000 towards the War Loan was deeply appreciated by the Government of India and The Hon'ble the Resident as being the largest individual contribution in Bangalore.

(14) Your Excellency may be interested to learn that in 1914 while I was on a Continental Tour I was held as a Prisoner of War in Germany at the outbreak of hostilities.

(15) I feel thankful to the Almighty for His Grace in giving me strength to do my bit in response to the call of the nation during this most dreadful war which He has been merciful enough to terminate in our favour. I am thankful to Him for having, by His mercy, helped me to undertake and perform several duties for the good of my fellow beings. It is my fervent prayer that He would enable us by His grace to make this project for a "Gosha" Hospital a speedy success.

(16) It now remains for me to thank Your Excellency for having allowed me to take up your valuable time and for the gracious manner in which you have listened to this my address.

Higginbothams Ld., Madras and Bangalore.

My dear Sir,

Since my interview with Her Excellency Lady Chelmsford on the 28th ultimo, I agree to double my donation from Rs.51,000/- to Rs.1,00,000/- for the proposed Gosha Hospital.

KHARAKAN CAMP,

D.O.362-C MYSORE,

8th Dec., 1919

My dear Sir,

I am in receipt of your letter of the 4th instant, announcing your intention to raise your donation for the proposed Cosha Hospital from Rs 51,000 to one lakh, and I have had much pleasure in showing it personally to Her Excellency.

Her Excellency directs me to express to you her high appreciation of your generosity and of the very cordial terms in which your munificent contribution is made. She trusts that when your health permits you will personally favour other citizens in Bangalore with your presence, and be stimulated to follow the splendid example you have set them.

I am, on my own account, as Resident, to associate myself with Her Excellency's very gracious remarks and to thank you warmly for this fresh instance of your generosity.

Yours sincerely

H C

Site for Chamba hospital.

On the 11th February Mr. Sattar Sait wrote you that a certain site on Ismail Sait Mosque road belonged to Hanappa of Aleur and that two others next it on Robertson road belonged respectively to Jamal Mohidoon, Thambu Chetty street Madras, and Modi Abdul Gaffur of Mainoo road. The Residency now desires me to move in the matter of acquisition. In order that there may be no doubt as to the boundaries of the land required, will you kindly instruct the person who knows them to get into touch with my Deputy Collector and conduct a joint inspection. If you could yourself spare time, it would be more satisfactory if you could be present, as complications often ensue in these proceedings if there are initial mistakes. After the exact piece of land required has been shown to the Deputy Collector, will you kindly address me officially so that I may begin regular proceedings under the Act.

My dear Col. Standage,

I beg to enclose one letter dated Bombay 4th, in which the writer suggests that the institution will provide a class of Mohammedan ladies who are willing to undergo the training in the art of nursing midwives & compounder. This suggestion seems to be very good for gosha ladies. Kindly consider ~~over~~ the matter if this is possible it will help the young Gosha Mohammedan ladies to come forward and qualify themselves as aforesaid. This is a matter purely relevant to your goodself and I only brought to your notice that undoubtedly you will do the needful in the matter.

Yours sincerely,

Haji Ismail

(1. Enc).

LtCol. RF. Standage, I.M.S,
Bowring Hospital,
Bangalore.

4-1-20

Respected Sir,

I was exceedingly glad to read in newspaper that you are going to open a hospital for Mohamadan ladies. & I hope that the institute will also provide a class of Mohamadan ladies, ~~for the training of~~ who are willing to undergo the training in the art of nursing, Midwives & compounders. The former two could be learnt within a short time if the candidate knows any language & within a year or so the institute will produce a large number of them, as honorary & otherwise.

Excuse me for the trouble

a servant-

10/11/1920

Khudeja Khan Bahadur

Thankyou for your letter of Jan 8th and for sending to me the letter from "A Servant" Bombay - No doubt the training of Mahomedan ladies in nursing might be undertaken at the new hospital, but a training in sick-nursing or midwifery takes much longer than the 9 months which your correspondent seems allot

Honour, when first to

get the hospital built and
[redacted] the staff provided,
and when that is done
we will tackle the question
raised by your correspondent

MKG

Residency Surgeon's Office,
Bowring Civil Hospital,
No.149. Bangalore, 26th January 1920.

Dear Miss.Balfour,

The Hon'ble Khan Bahadur Hajee Ismail Sait of Bangalore, has intimated his intention of providin Rs.1,00,000/- for the erection of a hospital in Bangalore for purdah (or Gosha) women, and, on my advice, he has asked Her Excellency Lady Chelmsford to use he influence to secure for this hospital, when built, th services of a Lady-doctor of the W. M. S. This offer which was communicated to Her Excellency during her recent visit to Bangalore, is particularly welcome to the administration here as it will supply what we have long felt was wanted, a small, separate, Gosha Hospital financed by Government In fact this is

precisely

the course recommended by Mr.Cobb in his letter No.8719 dated the 15th November 1917 to the Political Secretary to the Government of India, Foreign and Political Department.

The question of the site and of the scope of the building is occupying our attention at prese and as I have to prepare the scheme for presentatic to Government, I would be glad if you could help me by lending any plans of modern purdah hospitals which may be in your possession, and on which we could base the building of our new local hospital. The hospital is to be built so as to be easily extended, and at first should be of 24 or 30 beds with 6 or 8 for maternity cases. Perhaps also you could supply me with details of the staff which work other similar

Bangalore,
11th February 1920.

Dear Col. Standage,

In reply to your letter of the 10th instant, I beg to inform yo that the one site which you have - very kindly inspected in Ismail Sait Mosque Road, belongs to Mr. Marappa, Building Contractor, living in - Ulsoor.

The next two sites opposite to the above land in Robertson Road, namely, one belongs to Mr. Jamal - Mohideen, Thambu Chetty Street, - Madras, and the other site belongs to Mr. Modi Abdul Gafoor, Haines - Road, Cleveland Town, Bangalore.

I shall send you the - dimensions of the above 3 sites in a day or two.

Yours sincerely,

Lt. Col. Standage, I.M.S.,
Residency Surgeon,
Bowring Hospital,
Bangalore.

O.No. 3278

THE RESIDENCY,
BANGALORE.

19th Jan

Dear Khan Bahadur Sahib,

I am desired to address you with regard to the acquisition of the site required for the proposed Zenana Hospital.

2. It is doubtful whether action can be taken under Section 6 (1) of the Land Acquisition Act,1894, because the proviso to it prescr that the compensation should be paid by a company, or wholly or partly out of public revenues or some fund controlled or managed by a local authority. Local authority is defined as "a Municipal Committee, district board or other authority legally entitled to, or entrusted by the Government with, the control or management of, a municipal or local fund."

3. It is apparently more advantageous to acquire the land under the Land Acquisition Act than by private sale. I am therefore to enquire whether you have any objection to vest control of the Fund in the Residency, the Residency Surgeon or the Municipal Commission of the Civil & Military Station of Bangalore.

Yours Sincerely,
Sd/ C. T. C. [illegible]

Khan Bahadur Haji Ismail Sait,

I am desired to forward a copy of a letter dated 11th August 192[illegible] from Khan Bahadur Hajee Ismail Sait in connection with the gosha hospital which he is providing. The site should be acquired as soon as possible, the trust deed drawn up and the plans of the proposed hospital prepared. I am to add that, if there is any difficulty about obtaining advice from the Dufferin Hospital Report (Colonel Standage wrote for such advice and Carey Evans can perhaps tell you how matters stand), advice may be sought elsewhere. Mr. Barton desires that the work should be put in hand as early as possible.

The Military authorities are being consulted, as usual, regarding the acquisition of the land referred to in your letter No.2435, dated the 14th May 1920. The necessary notification regarding acquisition will be issued after getting their reply.

A copy of this letter is being sent Demi-officially to the Residency Surgeon, for information and guidance.

Yours Sincerely

8/9/20

D. O. No. 6186 Office of the Collector,

C. & M. Station, Bangalore,

Dated 23. November 1920.

My dear Crowdy

New Gosha Hospital.

Will you please refer to your No. 7256 dated the 20th August 1920 to Mr. Russell on this subject?

Russell wrote in October to the Residency - Surgeon stating that he would write officially to him when he ascertained what the functions of the Collecto and Municipal President were in this matter. I see - from your letter, referred to above, that Mr. Russell as Collector had been asked to have a trust deed drawn up, plans prepared, and the work put in hand as early as possible.

I request that it may be made clear at this stage who is to be responsible for this hospital. The scheme was entirely in Col. Standage's own hands he shewed me a draft of the proposal and I agreed -- orally that it might be possible for the Commission to come into the scheme and to use part of the servic of an officer of the Women's Medical Service. The Commission has also been generally in favour of anothe: women's hospital for Bangalore. But this particular

particular scheme has never been placed before the Commission; and it does not appear yet to be in a form admitting of discussion. The financial burden of such an institution may be a serious matter. And the Commission has no hospital at present. As Collector I have acquired the land for the hospital, but I know nothing further about the scheme and was not consulted on the selection of a site. Either the hospital must be under the Residency (whether through the Residency or an officer of the Women's Medical Service), in which case the Deputy Assistant Director of Military Works would build it; or it must be under the Commission in which case the Commission's Engineer will build it. A third course is that it should be built and managed by trustees. Before a decision can be reached on these points, I submit that the scheme must be worked out in some detail so that the recurring costs of the hospital may be known.

I regret that the matter has made no progress for three months but I had no idea, until Major Carey-Evans came to see me on the matter, that I had anything to do with it.

My dear Sir,

I beg to acknowledge with many thanks your letter dated , Kharpur Camp, December 8th, 1919.

It gives me great pleasure to know that my wishes as regards the extension of the hospital have been communicated to Her Excellency Lady Chelmsford and have been honoured by her approval and appreciation.

I also trust that the new hospital will be successful and beneficial and prove a real -

real blessing to the poor Gosh women of Bangalore.

Yours sincerely

Hosain Imam & Co.

The Hon'ble
Mr. H. V. Cobb, C.S.I.,
C.I.E., I.C.S.,
The British Resident,
Bangalore.

Bangalore,
D/10-12-1919.

No. 2435 E 2

Office of the Collector,

DENT'S OFFICE,
BANGALORE.
Inter No. H114
e of receipt 20/5/20

To

Major C. T. C. Plowden, I.A.,
First Assistant to the Hon'ble the Resident
in Mysore, Bangalore.

(Through the Residency Surgeon, Bangalore).

Sir,

In response to your request I have the honour to submit a draft declaration under section 6 of the Land Acquisition Act I of 1894 in respect of the land proposed to be acquired for constructing a gosha hospital in Robertson Road and to request that the same may be published at an early date. A plan of the land is sent herewith.

2. The cost of the acquisition will, I understand, be borne by Khan Bahadur Haji Ismail Sait.

3. The site covered by the notification is that shewn to my Deputy Collector by the Khan Bahadur and it is presumed that it has the approval of the Residency Surgeon.

4. There are no objections to acquisition.

I have the honour to be,
Sir,
Your most obedient servant,

Collector

Forwarded

Major I.M.S.,

Offg. Residency Surgeon.

Residency Surgeon's Office,
Bowring Civil Hospital,
Bangalore, 21st January 1920.

No.

(10)

The Hon'ble Khan Bahadur Hajee Ismail Sait of Bangalore has intimated his intention of providing Rs. 1,00,000/- for the erection of a Hospital in Bangalore for purdah (or Gosha) women, and, on my advice, he has asked Her Excellency Lady Chelmsford to use her influence to secure for this hospital, when built, the services of a Lady-doctor of the W.M.S. This offer, which was communicated to Her Excellency during her recent visit to Bangalore, is particularly welcome to the administration here as it will supply what we have long felt was wanted, a small, separate, Gosha Hospital financed by Government. In fact this is precisely the course recommended by Mr. Cobb in his letter No. 8719, dated the 15th November 1917, to the Political Secretary to the Government of India, Foreign and Political Department.

P 356 - 1900

The question of the site and of the scope of the building is occupying our attention at present, and, as I have to prepare the scheme for presentation to Government, I would be glad if you could help me by lending any plans of modern purdah hospitals which may be in your possession, and on which we could base the buildings of our new local hospital. The hospital is to be built so as to be easily extended, and at first should be of 24 or 30 beds with 6 or 8 for maternity cases. Perhaps also you could supply me with details of the staffs which work other similar institutions under your administration.

To

Dr. M.I. Balfour, M.B., W.M.S.

S I M L A.

I.S

I am desired to address you with regard to the acquisition of the site required for the proposed Cossa Hospital.

2. It is doubtful whether action can be taken under Section 6 (1) of the Land Acquisition Act, 1894, because the proviso to it prescribes that the compensation shall be paid by a company, or by some fund controlled
